Commencement  
FALL 2023

---

## Greetings from the President

---

Congratulations, Class of 2023!  
This is a big celebration — of your hard work and of this great university.

We know it takes a team to get to this day — your family, study partners, professors, and advisors. We (especially Albert and Alberta) are all proud of your successes.

This is an exciting time. The world of work is being disrupted in big, fascinating ways. Your curiosity, willingness to engage new — sometimes hard — ideas, and commitment to continuing to learn, relearn, and learn anew, will drive your success in this new era that so prizes flexibility, adaptability, and reinvention.

On behalf of UF and your fellow students, thank you for your engagement and contributions to your classes, programs, and fellow Gators. We want you always to consider this great community home — as we work hard to keep engaging in new, meaningful ideas, embracing humility, and building lifelong learners.

I hope you will look back on this time fondly and that you will remain connected to UF as active alumni.

Best wishes — it is Great to be a Florida Gator!

Ben Sasse

## University of Florida President

---

### Dr. Ben Sasse

Ben Sasse joined the University of Florida as a professor and 13th president of the 170-year-old institution in February 2023.

A husband, father, historian, Uber driver, and football addict, Ben is committed to guiding Gator Nation through this era of rapid change in the nature of work, technology, and higher education.

As the leader of Florida's flagship land-grant university, Ben has moved swiftly to cultivate fresh leadership, construct a UF-wide strategic planning initiative, and ground UF's priorities in making the highest and best use of public funds. He has sought to establish goals that are critical to Gators and the state: more applied research, more focus on lifelong learning for students, and faster, more nimble engagement with exceptional partners.

Ben believes that Florida is the most dynamic state in the Union — with a diverse economy, fast-growing population, and vast outside investment. He sees UF as uniquely positioned to help Floridians maximize the state's potential as an economic and cultural juggernaut.

Twice elected to the United States Senate and a two-time *New York Times* national best-selling author, Ben's career has spanned the private and public sectors.

Passionate about education and teaching, Ben taught at Yale University, the University of Texas, and Midland University in his Nebraska hometown. Professor Sasse has won teaching awards and holds a history Ph.D. from Yale, where his dissertation won both the Egleston and Theron Rockwell Field best dissertation prizes.

Ben and his wife, Melissa, have two college-age daughters and a 12-year-old son. Ben, Melissa, and Breck live on campus in the Dasburg House with multiple dogs and Breck's lizard, Dart, who is delighted to call humid subtropical Gainesville home.

## **Bill Nelson**

*NASA Administrator*

NASA Administrator Bill Nelson was sworn in as the 14th NASA administrator on May 3, 2021. He is tasked with carrying out President Biden and Vice President Harris' vision for NASA to demonstrate American leadership in air, space, and on Earth for the benefit of humanity.

Bill has devoted almost five decades of his life to public service, representing Florida for 18 years in the United States Senate and 12 years in the U.S. House of Representatives, and before that in the Florida State Legislature. He served on key committees, including as ranking member of the Senate Commerce Committee and chairman of the Subcommittees on Science and Space in both the Senate and the House.

In Congress, Nelson was considered the congressional leader for our nation's space program, a strong advocate to combat climate change, and a proponent for career training and education programs in science and technology to create more good-paying American jobs.

In 1986, he trained and flew with the crew of the Space Shuttle Columbia, mission STS-61C, the 24th flight of the Space Shuttle. They orbited Earth 98 times over six days and Bill conducted

12 medical experiments, including the first American stress test in space on a treadmill and a cancer research experiment sponsored by university researchers.

Nelson graduated from Yale University and the University of Virginia School of Law. He is a member of the Florida Bar Association and served on active duty for two years in the U.S. Army, rising to the rank of captain.

**Senator Nelson will provide the commencement address at the 9 a.m. and 2 p.m. ceremonies on Saturday, December 16.**

## **Natalia A. Peres**

*Professor*

Dr. Natalia Peres is a professor of plant pathology at the University of Florida Gulf Coast Research and Education Center (GCREC). She has an active applied research and extension program focused primarily on the management of fungal diseases of the strawberry. She is also responsible for the diagnostic clinic at GCREC serving the strawberry, vegetable, and ornamental industries in the area. Her research and extension programs focus on the development of integrated management approaches to reduce losses to strawberry growers in Florida, but recommendations from her program extend across many regions, including strawberry nurseries in other states and worldwide. She has developed the widely adopted web-based Strawberry Advisory System, which provides recommendations for strawberry growers on the need for fungicide applications based on weather conditions, a rapid DNA test for diagnosis of strawberry diseases, and is currently working on integrating AI technology for disease identification. Her internationally known program has attracted students and visiting scientists from many countries. She has authored or co-authored over 200 peer-reviewed articles in scientific journals, in addition to over 200 technical extension bulletins and multiple book chapters. She has received numerous awards from the University of Florida such as the IFAS Junior Faculty International Educator of the Year, IFAS International Achievement Award, IFAS

Richard L. Jones New Faculty Research Award, Office of the Provost Excellence Award for Assistant Professors, UF Research Foundation Professor, and IFAS Term Professorship Award. She has also been recognized by the American Phytopathological Society (APS) with the Hewitt Award for early career scientists who have made outstanding, innovative contributions toward the control of plant diseases, the APS Lee Hutchins Award for Excellence in Fruit Research, and was awarded an APS Fellow in 2020.

Natalia is originally from Brazil and earned her B.S., M.S., and Ph.D. degrees from São Paulo State University. She is married and has two children, Mariana (15) and Lucca (12).

**Dr. Peres will provide the commencement address at the 2 p.m. and 7 p.m. ceremonies on Friday, December 15, as well as the 7 p.m. ceremony on Saturday, December 16.**

## **Ted A. Fernandez**

*Chairman & Chief Executive Officer, The Hackett Group, Inc.*

Ted A. Fernandez is the chairman and chief executive officer of The Hackett Group, Inc., a global benchmarking, research advisory and strategic consultancy firm that enables organizations to achieve Digital World Class® performance. The Hackett Group is a publicly traded company on the Nasdaq Stock Exchange under the ticker symbol “HCKT”.

Prior to establishing The Hackett Group, Mr. Fernandez served as the national managing partner of the KPMG Consulting Strategic Services division and held a position as a member of the firm’s Management Committee.

During his 18 years at KPMG, Mr. Fernandez worked with many multinational clients and developed extensive experience in business transformation, international operations, acquisitions, due diligence, and post-merger integration. Mr. Fernandez was one of six candidates for Chairman of KPMG. He withdrew from the Chairman's race to start The Hackett Group.

In May, 1997, Mr. Fernandez founded The Hackett Group which he took public less than 12 months later. In 2005, Mr. Fernandez embarked on a new strategy to rebuild the organization around the unique benchmarking and best practice implementation intellectual capital that emanates from the insight gained from the Hackett global leading benchmarks. In 2008, the Company was rebranded as The Hackett

Group which today is globally recognized for its enterprise benchmark metrics and best practice implementation insight as well as one of the premier global strategic consultancies.

Mr. Fernandez received his B.S. in Accounting from the University of Florida. He has lectured in the Master/Graduate programs of many universities throughout Florida. Deeply involved in his community, he has held the positions of Governor’s Appointee to the Florida Correctional Privatization Commission, President of the Dade County Public Education Fund, Treasurer of the Miami City Ballet and worked closely with the United Way and other civic and philanthropic programs.

## What Makes a University Great?

*Some interesting facts about the University of Florida*

### Educational Excellence

UF is consistently ranked among the nation's top universities: No. 1 among public universities in the Wall Street Journal (2024); No. 6 among U.S. public universities in U.S. News & World Report (2024); No. 2 in public universities in Degree Choices for the economic return students receive from attending college, leading students to greater financial security (2023); the highest rating of a "5-Star college" by Money Magazine's "Best Colleges in America, Ranked by Value" (2023); No. 1 in public universities in tech transfer for economic return by the Heartland Foundation; No. 1 for Best Online undergraduate programs by U.S. News & World Report (2023); and No. 1 for Best Online bachelor's programs for veterans by U.S. News & World Report (2023).

UF has more than 6,600 faculty members with distinguished records in teaching, research, and service, including 25 Eminent Scholars chairs, 36 elections to the National Academies of Science, Engineering, and Medicine, and 20 elections to the American Academy of Arts and Sciences.

Awards include a Fields Medal, three Pulitzer Prizes, NASA's top award for research, and the Smithsonian Institution's conservation award.

### Students

The students admitted to the Fall 2022 freshman class had an average 4.49 GPA, an average SAT score of 1407, and an average ACT score of 32.

The freshman retention of 97% is among the highest in the country.

UF ranks in the top ten in Latino and African American graduates who go on to receive doctorates in STEM fields.

72% of UF full-time freshmen graduate in four years, and 90% graduate within six years.

Nearly 45% of students enrolled are from minority groups.

There was the highest percent of Hispanic student enrollment at UF in 2022.

65% of students graduate with no student loan debt.

## Chain of Office

---

This custom-made ornament is worn with the president's regalia, symbolizing the authority and responsibilities of the office. The chain is engraved with the names and service years of the university presidents. The medallion's centerpiece is a 1.3-carat diamond.

## Academic Mace

---

Dating back to the Middle Ages, the mace symbolizes strength and authority. The UF ceremonial mace was created for the university's sesquicentennial celebration in 2003. The 70-inch staff features an alligator sitting atop a globe. The four pillars supporting the globe represent the four original colleges: Agriculture, Engineering, Law, and Liberal Arts. The staff is carved from cherry wood. The university's chief marshal, who leads all academic processions, carries the mace.

## Diplomas

Diplomas will be mailed to the graduates' diploma mailing address in February of 2024.

## Caps and Gowns, An Explanation

---

The academic regalia worn by graduating students and faculty in this era evolved from a style of dress worn by members of guilds and religious orders in medieval times. The academic gown is worn by individuals who have earned a degree in higher education. In addition, hoods are worn by graduate degree candidates but not by undergraduate degree candidates.

At the University of Florida, the lining of the hood has a blue chevron on an orange background to represent the university colors. University faculty members who hold degrees from another college or university wear the colors of their alma mater.

The velvet edging on the academic hood is the color that represents the particular degree held by the wearer. Agricultural and Life Sciences and Forest Resources and Conservation share maize edging; Design, Construction and Planning and Building Construction are lilac; Audiology degrees have colonial blue edging; Business Administration and Accounting are drab; Dentistry is lilac; Education is light blue; Engineering degrees are represented by orange edging; Fine Arts degrees have brown edging; Health and Human Performance is sage green; Journalism and Communications is garnet; Law is purple; Liberal Arts is white, and Liberal Sciences is gold yellow; Medicine is green; Music is pink; Natural Resources and Environment is antique gold; Nursing is apricot; Doctor of Occupational Therapy is slate blue; Doctor of Pharmacy is olive; Philosophy is royal blue; Public Health degrees have salmon pink edging; Rehabilitation Counseling degrees have Nile green edging; and Veterinary Medicine is gray.

Distinctions among sleeves indicate the type of degree held by the wearer. A long, pointed sleeve indicates a bachelor's degree, while a long, closed sleeve with a slit near the upper part of the arm designates a master's degree. A round, open sleeve identifies a doctoral degree.

The blue doctoral regalia also has velvet running on the rest of the gown, including crossbars on the sleeve. Colored tassels on the degree candidates' caps indicate a candidate's school or college.

## Alma Mater

*Florida, our Alma Mater  
Thy glorious name we praise  
All thy loyal sons and daughters  
A joyous song shall raise.  
Where palm and pine are blowing,  
Where southern seas are flowing,  
Shine forth thy noble Gothic walls,  
Thy lovely vine-clad halls.  
Neath the Orange and Blue victorious  
Our love shall never fail.  
There's no other name so glorious—  
All hail, Florida, Hail!*
