UF | UNIVERSITY *of*
FLORIDA

Commencement
SUMMER 2023

Greetings from the President

Congratulations, Class of 2023!
This is a big celebration — of your hard work and of this great university.

We know it takes a team to get to this day — your family, study partners, professors, and advisors. We (especially Albert and Alberta) are all proud of your successes.

This is an exciting time. The world of work is being disrupted in big, fascinating ways. Your curiosity, willingness to engage new — sometimes hard — ideas, and commitment to continuing to learn, relearn, and learn anew, will drive your success in this new era that so prizes flexibility, adaptability, and reinvention.

On behalf of UF and your fellow students, thank you for your engagement and contributions to your classes, programs, and fellow Gators. We want you always to consider this great community home — as we work hard to keep engaging in new, meaningful ideas, embracing humility, and building lifelong learners.

I hope you will look back on this time fondly and that you will remain connected to UF as active alumni.

Best wishes — it is Great to be a Florida Gator!

Ben Sasse

University of Florida President

Dr. Ben Sasse

Ben Sasse joined the University of Florida as a professor and 13th president of the 170-year-old institution in February 2023.

A husband, father, historian, Uber driver, and football addict, Ben is committed to guiding Gator Nation through this era of rapid change in the nature of work, technology, and higher education.

As the leader of Florida's flagship land-grant university, Ben has moved swiftly to cultivate fresh leadership, construct a UF-wide strategic planning initiative, and ground UF's priorities in making the highest and best use of public funds. He has sought to establish goals that are critical to Gators and the state: more applied research, more focus on lifelong learning for students, and faster, more nimble engagement with exceptional partners.

Ben believes that Florida is the most dynamic state in the Union — with a diverse economy, fast-growing population, and vast outside investment. He sees UF as uniquely positioned to help Floridians maximize the state's potential as an economic and cultural juggernaut.

Twice elected to the United States Senate and a two-time *New York Times* national best-selling author, Ben's career has spanned the private and public sectors.

Passionate about education and teaching, Ben taught at Yale University, the University of Texas, and Midland University in his Nebraska hometown. Professor Sasse has won teaching awards and holds a history Ph.D. from Yale, where his dissertation won both the Egleston and Theron Rockwell Field best dissertation prizes.

Ben and his wife, Melissa, have two college-age daughters and a 12-year-old son. Ben, Melissa, and Breck live on campus in the Dasburg House with multiple dogs and Breck's lizard, Dart, who is delighted to call humid subtropical Gainesville home.

COMMENCEMENT AGENDA - FRIDAY, AUGUST 11, 7 P.M.

Presiding	Ben Sasse <i>President</i>
Processional	UF Commencement Band
National Anthem	Anthony Offerle, <i>Vocalist</i> UF Commencement Band
Welcome	Ben Sasse
Introductions	J. Scott Angle <i>Interim Provost and Senior Vice President for Academic Affairs</i>
Armed Forces Commissions and Recognitions	J. Scott Angle
Alumni Association Remarks	James Gadsby <i>Immediate Past President, UF Alumni Association, Inc.</i>
Commencement Address	Damon L. Woodard <i>Director, Florida Institute for National Security</i>
Presenting Candidates for Degrees	J. Scott Angle
Conferring of Degrees	Anita Zucker <i>Member, UF Board of Trustees</i>
Recognition of Graduates	
Closing Remarks	Ben Sasse
Alma Mater	Anthony Offerle UF Commencement Band
Recessional	“I Won’t Back Down” [©] 1989; Written by Tom Petty and Jeff Lynne. Performed by Tom Petty Album: Full Moon Fever

NOTE: Graduates present at the end of the ceremony will receive a special keepsake as they exit.

COMMENCEMENT AGENDA - SATURDAY, AUGUST 12, 10 A.M.

RESEARCH EXCELLENCE PROGRAM FOR UNDERGRADUATES

The Research Excellence Program for Undergraduates is a campus-wide recognition for any UF student who has demonstrated exceptional research preparation and training during their undergraduate career.

Salma Drew

Selena Fernandez

Commencement Speaker

Damon L. Woodard, Ph.D.

Director of the Florida Institute for National Security (FINS), Herbert Wertheim College of Engineering

Dr. Woodard currently serves as the Director of FINS, which focuses on applying artificial intelligence and data science to national security challenges. He is a professor in the Electrical and Computer Engineering Department at the University of Florida and directs the Applied Artificial Intelligence Group. He is an IEEE Senior Member, an ACM Senior Member, a National Academy of Science Kavli Frontiers Fellow, and an Association for the Advancement of Artificial Intelligence member.

Born and raised in New Orleans, La., Dr. Woodard's educational background is atypical for someone with a career in higher education. Due to difficult childhood circumstances, he dropped out of school in the ninth grade, eventually passing the GED exam. After working two years as an auto mechanic, he attended Tulane University's night school program to pursue a degree in Computer Information Systems and later was accepted into Tulane University's College of Engineering to pursue a Bachelor of Science degree in computer science graduating as a double major in 1997.

Dr. Woodard continued his education by pursuing a Master of Engineering in computer science and engineering at the Pennsylvania State University and a doctorate in the same disciplines at the University of Notre Dame, becoming the first Black American ever to obtain a doctorate in computer science and

engineering from the institution. During his graduate studies, the events of September 11, 2001, played a prominent role in shaping his academic career, leading him to focus his research on biometrics — the use of physiological or behavioral characteristics to establish identity automatically.

After graduation, he was awarded a Director of Central Intelligence fellowship to continue conducting biometrics research and began his professional academic career at Clemson University. He was one of the founding members of the Office of the Director of National Intelligence's Center for Advanced Studies in Identity Science, an intelligence community center of academic excellence. Joining the University of Florida in 2015, Dr. Woodard's research interests include applied artificial intelligence and biometrics/identity science.

What Makes a University Great?

Some interesting facts about the University of Florida

Educational Excellence

UF is consistently ranked among the nation's top universities: No. 5 in the U.S. News & World Report "Top Public Universities" (2023); No. 2 in public universities in Degree Choices for the economic return students get from attending college and leading students to greater financial security (2023); No. 7 in Money magazine's "The Best Colleges in America, Ranked by Value" (2022); and No. 1 in public universities in tech transfer for economic return by the Heartland Foundation.

- UF has more than 6,600 faculty members with distinguished records in teaching, research and service, including 25 Eminent Scholar chairs and 36 elections to the National Academies of Science, Engineering and Medicine and 19 elections to the American Academy of Arts and Sciences.
- Awards include a Fields Medal, three Pulitzer Prizes, NASA's top award for research and Smithsonian Institution's conservation award.

Students

- Students admitted to the Fall 2022 freshman class had an average 4.49 GPA, average SAT score of 1407 and an average ACT score of 32.
- The freshman retention rate of 97% is among the highest in the country.
- UF ranks sixth and second, respectively, in Latino and African American graduates who go on to receive doctorates in STEM fields.
- Seventy-two percent of UF full-time freshmen graduate in four years, and 91% of UF freshmen graduate within six years.

Chain of Office

This custom-made ornament is worn with the president's regalia, symbolizing the authority and responsibilities of the office. The chain is engraved with the names and service years of the university presidents. The medallion's centerpiece is a 1.3-carat diamond.

Academic Mace

Dating back to the Middle Ages, the mace symbolizes strength and authority. The UF ceremonial mace was created for the university's sesquicentennial celebration in 2003. The 70-inch staff features an alligator sitting atop a globe. The four pillars supporting the globe represent the four original colleges: Agriculture, Engineering, Law, and Liberal Arts. The staff is carved from cherry wood. The university's chief marshal, who leads all academic processions, carries the mace.

The four pillars supporting the globe represent the four original colleges: Agriculture, Engineering, Law, and Liberal Arts. The staff is carved from cherry wood. The university's chief marshal, who leads all academic processions, carries the mace.

Diplomas

Diplomas will be mailed to the graduate's diploma mailing address in September of 2023.

Caps and Gowns, An Explanation

The academic regalia worn by graduating students and faculty in this era evolved from a style of dress worn by members of guilds and religious orders in medieval times. The academic gown is worn by individuals who have earned a degree in higher education. In addition, hoods are worn by graduate degree candidates but not by undergraduate degree candidates.

At the University of Florida, the lining of the hood has a blue chevron on an orange background to represent the university colors. University faculty members who hold degrees from another college or university wear the colors of their alma mater.

The velvet edging on the academic hood is the color that represents the particular degree held by the wearer. Agricultural and Life Sciences and Forest Resources and Conservation share maize edging; Design, Construction and Planning and Building Construction are blue violet; Audiology degrees have colonial blue edging; Business Administration and Accounting are drab; Dentistry is lilac; Education is light blue; Engineering degrees are represented by orange edging; Fine Arts degrees have brown edging; Health and Human Performance is sage green; Journalism and Communications is garnet; Law is purple; Liberal Arts is white, and Liberal Sciences is gold yellow; Medicine is green; Music is pink; Natural Resources and Environment is antique gold; Nursing is apricot; Doctor of Occupational Therapy is slate blue; Doctor of Pharmacy is olive; Philosophy is royal blue; Public Health degrees have salmon pink edging; Rehabilitation Counseling degrees have Nile green edging; and Veterinary Medicine is gray.

Distinctions among sleeves indicate the type of degree held by the wearer. A long, pointed sleeve indicates a bachelor's degree, while a long, closed sleeve with a slit near the upper part of the arm designates a master's degree. A round, open sleeve identifies a doctoral degree.

The blue doctoral regalia also has velvet running on the rest of the gown, including crossbars on the sleeve. Colored tassels on the degree candidates' caps indicate a candidate's school or college.

UF

Alma Mater

*Florida, our Alma Mater
Thy glorious name we praise
All thy loyal sons and daughters
A joyous song shall raise.
Where palm and pine are blowing,
Where southern seas are flowing,
Shine forth thy noble Gothic walls,
Thy lovely vine-clad halls.
Neath the Orange and Blue victorious
Our love shall never fail.
There's no other name so glorious—
All hail, Florida, Hail!*

Milton Yeats
