UF | UNIVERSITY *of*
FLORIDA

Commencement
FALL 2021

Greetings from the President

On behalf of the University of Florida, our faculty and our entire university community, I would like to extend my deepest congratulations to you, the graduates of the historic year of 2021.

Today's ceremony celebrates your remarkable accomplishment in earning a degree from a Top 5 public research university. That you achieved this distinction while overcoming the hardships of the pandemic is all the more impressive. I applaud you for the education you have received, for honing your creative, scientific, or analytical skills and for your resilience and persistence as students. I join you in thanking your professors, advisors and family and friends for their contributions to your success.

Today is a day for celebration, but also for reflection on your future. I am confident that the knowledge and experience you have gained will serve you well regardless of your career or how you choose to invest your life.

The university has benefited from your active engagement and contributions to your classes, programs of study and your peers, and we are grateful to you. You are a special class, and though we know your experience has been different, we hope that you will look back on it with fondness and appreciation, and that you will remain connected to UF as active members of our distinguished alumni.

Best wishes, and always remember, It is Great to be a Florida Gator!

W. Kent Fuchs

University of Florida President

Dr. W. Kent Fuchs

Dr. Kent Fuchs became the 12th President of the University of Florida in January 2015. Building on many years of excellence and focused leadership, the university has since reached its goal of joining the nation's Top 5 public research universities.

UF continues to advance through the addition of 600 new faculty positions, the construction of advanced and beautiful university facilities, a university wide artificial intelligence initiative and a fundraising campaign that is expected to reach \$4 billion by the end of 2022, a billion over its original goal.

Previous to the UF presidency, Dr. Fuchs was provost of Cornell University. He has served in academic leadership positions and as a faculty member of electrical and computer engineering at Cornell, Purdue and the University of Illinois.

He is a fellow of the American Academy of Arts and Sciences, the American Association for the Advancement of Science, the Institution of Electrical and Electronics Engineers and the Association for Computing Machinery and has received numerous awards for teaching and research.

President Fuchs earned his doctorate in electrical and computer engineering from the University of Illinois, and a Master of Divinity from Trinity Evangelical Divinity School. He also holds a Bachelor of Science in Engineering from Duke University.

Distinguished Service Award

Isabel Scott Norton

President, Library Foundation for Sarasota County

Isabel Scott Norton has had a sustained commitment to public service for nearly 50 years, primarily in Sarasota, but in many instances with a statewide or national impact. She serves as president of the Library Foundation for Sarasota County and has a long history of supporting libraries and literacy. She has served in volunteer leadership positions at the Ringling College of Art and Design; Leadership Florida; Prevent Blindness, Florida and Prevent Blindness, America; Sarasota County Openly Plans for Excellence (SCOPE); and the Girl Scout Council of Gulf Coast Florida. She has received awards for her leadership and service from all these organizations, including Leadership Florida, which presented her with the Chairman's Award in 1998 and the Distinguished Member Award in 2016. She has raised over \$30 million for nonprofit organizations, including leading the campaign to fund the new library at Ringling College.

Ms. Norton was married to her high school sweetheart for 59 years. They had five children, two of whom are still living. She has 12 grandchildren and five great-grandchildren. She was a part-time student at the University of Florida in 1958-1959, majoring in English, and working in the university library to support her husband while he obtained his degree.

Distinguished Alumnus Award

Gary J. Miller, Ph.D.

Cofounder and Executive VP for Research and Development (Emeritus), Exactech, Inc.

Gary J. Miller is cofounder and executive vice president for research and development (Emeritus) of Exactech, Inc., Gainesville. Exactech, incorporated in 1985, develops, manufactures and distributes orthopaedic implants.

Dr. Miller received his Bachelor of Science in Mechanical Engineering in 1970 from the University of Florida, a master's in mechanical engineering (biomechanics) from MIT in 1972 and a Ph.D. in mechanical engineering (biomechanics and biomaterials emphasis) in 1977 from the University of Florida. He is proud to be a double Gator!

After graduation, Dr. Miller joined the faculty of the UF Department of Orthopaedics serving as a post-doctoral fellow and later an assistant and associate professor. He also served as director of orthopaedic research and biomechanics until leaving UF in 1997 to concentrate fully on his duties at Exactech. Over the years he has served as an adjunct associate professor in various departments of the Herbert Wertheim College of Engineering (HWCOE) and the UF College of Veterinary Medicine (Orthopaedics) and now holds a courtesy professorship in the Department of Mechanical and Aerospace Engineering (MAE).

He is past chairman of the HWCOE Dean's Advisory Board (2019-2020) and continues to remain active on this board. He also enjoys lecturing, mentoring and participating on the industrial advisory boards of UF's departments of Mechanical and Aerospace Engineering, and Biomedical Engineering.

Dr. Miller is a member of many professional organizations including the Orthopaedic Research Society, American Society for Testing and Materials, and the American Society of Mechanical Engineers. He is a founding member of the Society of Biomaterials and has been a consultant to various orthopaedic companies and to the U.S. Food and Drug Administration.

Dr. Miller holds more than 20 patents in the United States and abroad and has published more than 65 articles and 100 abstracts in the areas of biomechanics and biomaterials. He has presented this work and lectured on biomechanics, implant and instrument design and biomaterials throughout the world.

A native Floridian from Jacksonville, Dr. Miller has been married to Suzy Liss Miller, also a Gator grad (BAED '70) for 51 years! They have three children and six grandchildren.

Distinguished Alumnus Award

Mark Rosser

CSC Global, Retired

Mark Rosser, who can be described as a husband, father, leader, role model and philanthropist, earned a Bachelor of Arts in Education with a major in social studies education from the UF College of Education in 1979. Upon graduation, he gained a variety of experience through teaching social studies, then as a state policymaker, a lobbyist and an entrepreneur, before venturing into corporate compliance and governance. Mark is a twice-elected president of a national trade association and a veteran on political campaigns.

Seizing on an opportunity in private sector corporate communications, Mark quickly made a name for himself and was trusted to lead his company after an untimely death of one of the owners. Mark transitioned to CSC Global after the company's acquisition of his previous firm, where he thrived for more than 30 years until his recent retirement.

Mark insists on integrity and is a man of his word. His colleagues share stories of how he never makes promises he doesn't keep and is always willing to make time and listen to every employee. He is a student of leadership, holds a respected place at the board room table among executives and is an advocate for every client held by the firm.

Mark and his wife, Sally, a former middle school teacher, are models of upstanding people. They have raised two amazing daughters, one an

alumna of the UF College of Nursing and the other an elementary school teacher. They have taught the value of a good education, and they have been excellent stewards to their status and influence in their community.

Mark has a 35-year history of excelling in his career and continues to provide outstanding service to the university. He is a great ambassador for the University of Florida, where he is involved at every level. The Rossers have started three endowments at the College of Education and College of Nursing that will continue to provide education for future students. Mark dedicates time and energy to give back to the university through service. He is currently a UF Foundation National Board member and sits on the Talent Management Advisory Committee.

Distinguished Alumnus Award

K. Ullas Karanth, Ph.D.

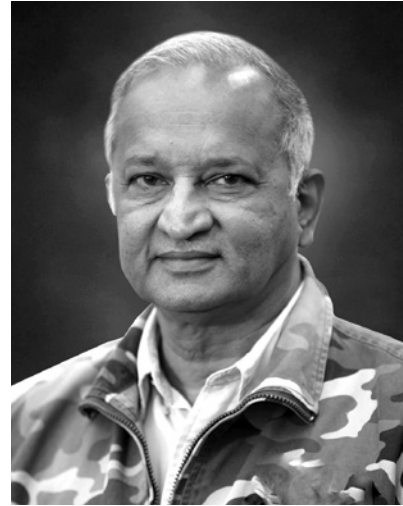

Director, Centre for Wildlife Studies, India

Kota Ullas Karanth originally trained as an engineer at the National Institute of Technology, Surathkal, India, in 1971 but later changed careers to pursue his deep passion for wildlife biology. In this discipline, he earned a master's degree in 1988 from the University of Florida and a doctorate in 1993 from Mangalore University in India.

Dr. Karanth is the director and managing trustee of the Centre for Wildlife Studies, which he founded in 1984. He also served as country director (1988-2017) and a consultant senior scientist (2018-2019) of the Wildlife Conservation Society in New York. He is an adjunct professor at the University of Florida, University of Minnesota and the Tata Institute of Fundamental Research-NCBS at Bengaluru.

He has conducted long-term research on the ecology of tigers, other predators and their prey in India and other parts of Asia. His areas of expertise include large carnivore ecology and modeling of animal populations, as well as conservation biology and policy. He has published more than 150 scientific papers in prestigious journals and written numerous popular articles. He has authored and edited scientific and popular books including *Monitoring Tigers and Their Prey* (2002), *Tiger Tales* (2007), *Science and Conservation of Animal Populations* (2017) and *Growing up Karanth* (2021).

Active in the wildlife conservation arena for more than four decades, he has served on the Indian Government's Forest Advisory Committee, the National Tiger Conservation Authority and the

governing boards of Wildlife Institute of India, World Wildlife Fund-India and the Liz Claiborne Foundation in New York. His work has been extensively featured in global media including *Nature*, *Science*, *New Scientist*, *New York Times*, *Time Magazine*, *National Geographic*, *BBC*, *CNN*, *PBS*, *CBC*, *Discovery* and *Animal Planet*.

In recognition of his contributions to wildlife conservation, he won the Sierra Club's EarthCare Award (2006), World Wildlife Fund's J. Paul Getty Award (2007) and was elected a fellow of the Indian Academy of Sciences (2008). In 2012, he was conferred the high national civilian honor, Padma Shri, by the president of India.

Dr. Karanth lives in Bangalore, India, and is married to Dr. Prathibha Karanth, a speech pathologist. His daughter, Dr. Krithi Karanth, is the chief conservation scientist at the Centre for Wildlife Studies.

Distinguished Alumna Award

Joelen Kilbas Merkel

Joelen Kilbas Merkel spent her career breaking through glass ceilings and trailblazing for women in accounting. After graduating from UF in 1973 with a Bachelor of Science in Accounting, Joelen was hired by Al Warrington, then managing partner of the Miami office of the public accounting firm Arthur Andersen and namesake of the university's College of Business. Joelen was one of only a few women certified public accountants in that office.

In 1976, Joelen accepted a position with Chris-Craft Industries, a manufacturing and television broadcasting company traded on the New York Stock Exchange. During her 25-year career, she rose to senior vice president, treasurer and chief accounting officer. She also was elected to the Board of Directors of BHC Communications, an American Stock Exchange company.

Since Joelen was the first in her family to attend a four-year college, she was excited to be asked to be the first chair of the Leadership Council for the Machen Florida Opportunity Scholars program for first-generation students. Joelen still serves on the council and believes this program is truly life changing and will be impactful for generations to come.

Crediting the university with her success, Joelen has been a longtime volunteer at UF in many capacities as a way to give back. She was appointed by former Florida Governor Jeb Bush to the university's inaugural Board of Trustees in 2001, chairing the Audit and Operations Review Committee. She has served in leadership positions on the UF Foundation Board, the UF Research Foundation, the Warrington College of Business Advisory Council, the Fisher School of

Accounting Advisory Board, and the University Athletic Association Board.

Joelen was the keynote speaker at the May 2004 Warrington College of Business Commencement and at the first Fisher School of Accounting Women in Accounting Symposium in 2008. She received the Gator of the Year Award in 2015 from the UF Alumni Association.

Joelen received a Distinguished Alumni Award from the Education Foundation of Palm Beach County, which honors alumni who have distinguished themselves through achievement, service or contributions. She has also served as a trustee for the Norton Museum of Art in West Palm Beach.

A family of loyal Gators, Joelen and her husband, Robert (UF, BA '72, JD '74), have one son, Ryan (UF, BSBA '08). Joelen is honored to be here today with her family and guests to receive this award.

Distinguished Alumnus Award

Jim Pugh

Chairman Emeritus, Epoch Residential

Jim Pugh is a native of Winter Haven and a 1963 graduate of the UF College of Building Construction. During his college career, he was active in student government, president of his Sigma Nu fraternity, and cadet commander of Army ROTC.

Upon graduation he was commissioned into the Army where he became a Ranger and rose to first lieutenant. After his honorable discharge, he returned to Florida and became a general contractor in Orlando. Soon after, he formed Epoch Properties, Inc., and Epoch Management, Inc., which are now known as Epoch Residential. He grew these companies to become one of the largest and most successful multifamily developers in America, having developed more than 40,000 apartments in more than 60 cities across the United States. Epoch also managed more than 100,000 apartments in more than 150 cities nationwide. The company develops, builds and manages Class A luxury apartments and has won numerous awards and citations.

Upon retirement from active management of Epoch, he has devoted his time to furthering his already prolific fundraising and non-profit board participation. He is the founder and chair of the Dr. Phillips Center for the Performing Arts in Orlando, benefactor of Pugh Hall at UF and a member of the Horatio Alger Association of Distinguished Americans. He also currently serves

on the board of the Holocaust Memorial Resource Center. In past years, he has served in leadership positions on the boards of civic organizations too numerous to mention.

He is consistently named one of the most “powerful people in Orlando” by Orlando Magazine, has been designated a “Legend of Real Estate” by the Warrington College of Business’s Bergstrom Center for Real Estate and has been inducted into the UF’s Rinker School of Construction Management’s Hall of Fame. He has also served as a member of the University of Florida Foundation and as a trustee of the Bob Graham Center for Public Service. He is an honorary member of Florida Blue Key.

University Research Scholars

The University Research Scholars Program recognizes outstanding undergraduate research, training and experience.

Chain of Office

This custom-made ornament is worn with the president's regalia, symbolizing the authority and responsibilities of the office. The chain is engraved with the names and service years of the university presidents. The medallion's centerpiece is a 1.3-carat diamond.

Academic Mace

Dating back to the Middle Ages, the mace symbolizes strength and authority. The UF ceremonial mace was created for the university's sesquicentennial celebration in 2003. The 70-inch staff features an alligator sitting atop a globe. The four pillars supporting the globe represent the four original colleges: Agriculture, Engineering, Law, and Liberal Arts. The staff is carved from cherry wood. The university's chief marshal, who leads all academic processions, carries the mace.

The four pillars supporting the globe represent the four original colleges: Agriculture, Engineering, Law, and Liberal Arts. The staff is carved from cherry wood. The university's chief marshal, who leads all academic processions, carries the mace.

Diplomas

Diplomas will be mailed to the graduate's diploma mailing address in February 2022.

Caps and Gowns, An Explanation

The academic regalia worn by graduating students and faculty in this era evolved from a style of dress worn by members of guilds and religious orders in medieval times. The academic gown is worn by individuals who have earned a degree in higher education. In addition, hoods are worn by graduate degree candidates, but not by undergraduate degree candidates.

At the University of Florida, the lining of the hood has a blue chevron on an orange background to represent the university colors. University faculty members who hold degrees from another college or university wear the colors of their alma mater.

The velvet edging on the academic hood is the color that represents the particular degree held by the wearer. Agricultural and Life Sciences and Forest Resources and Conservation share maize edging; Design, Construction and Planning and Building Construction are blue violet; Audiology degrees have colonial blue edging; Business Administration and Accounting are drab; Dentistry is lilac; Education is light blue; Engineering degrees are represented by orange edging; Fine Arts degrees have brown edging; Health and Human Performance is sage green; Journalism and Communications is garnet; Law is purple; Liberal Arts is white and Liberal Sciences is gold yellow; Medicine is green; Music is pink; Natural Resources and Environment is antique gold; Nursing is apricot; Doctor of Occupational Therapy is slate blue; Doctor of Pharmacy is olive; Philosophy is royal blue; Public Health degrees have salmon pink edging; Rehabilitation Counseling degrees have Nile green edging; and Veterinary Medicine is gray.

Distinctions among sleeves indicate the type of degree held by the wearer. A long, pointed sleeve indicates a bachelor's degree, while a long, closed sleeve with a slit near the upper part of the arm designates a master's degree. A round, open sleeve identifies a doctoral degree.

The blue doctoral regalia also has velvet running on the rest of the gown, including crossbars on the sleeve. Colored tassels on the degree candidates' caps indicate a candidate's school or college.

UF

Alma Mater

*Florida, our Alma Mater
Thy glorious name we praise
All thy loyal sons and daughters
A joyous song shall raise.
Where palm and pine are blowing,
Where southern seas are flowing,
Shine forth thy noble Gothic walls,
Thy lovely vine-clad halls.
Neath the Orange and Blue victorious
Our love shall never fail.
There's no other name so glorious—
All hail, Florida, Hail!*

Milton Yeats
