UF | UNIVERSITY *of*
FLORIDA

Commencement
SUMMER 2022

Greetings from the President

On behalf of the University of Florida, our faculty and our entire university community, I would like to extend my deepest congratulations to you, the graduates of the historic year of 2022.

Today's ceremony celebrates your remarkable accomplishment in earning a degree from a Top 5 public research university. That you achieved this distinction while overcoming the hardships of the pandemic is all the more impressive. I applaud you for the education you have received, for honing your creative, scientific, or analytical skills and for your resilience and persistence as students. I join you in thanking your professors, advisors and family and friends for their contributions to your success.

Today is a day for celebration, but also for reflection on your future. I am confident that the knowledge and experience you have gained will serve you well regardless of your career or how you choose to invest your life.

The university has benefited from your active engagement and contributions to your classes, programs of study and your peers, and we are grateful to you. You are a special class, and though we know your experience has been different, we hope that you will look back on it with fondness and appreciation, and that you will remain connected to UF as active members of our distinguished alumni.

Best wishes, and always remember, It is Great to be a Florida Gator!

W. Kent Fuchs

University of Florida President

Dr. W. Kent Fuchs

Dr. Kent Fuchs became the 12th President of the University of Florida in January 2015. Building on many years of excellence and focused leadership, the university has since reached its goal of joining the nation's Top 5 public research universities.

UF continues to advance through the addition of 600 new faculty positions, the construction of advanced and beautiful university facilities, a university wide artificial intelligence initiative and a fundraising campaign that is expected to exceed \$4 billion by the end of 2022, more than a billion dollars over its original goal.

Previous to the UF presidency, Dr. Fuchs was provost of Cornell University. He has served in academic leadership positions and as a faculty member of electrical and computer engineering at Cornell, Purdue and the University of Illinois.

He is a fellow of the American Academy of Arts and Sciences, the American Association for the Advancement of Science, the Institution of Electrical and Electronics Engineers and the Association for Computing Machinery and has received numerous awards for teaching and research.

President Fuchs earned his doctorate in electrical and computer engineering from the University of Illinois, and a Master of Divinity from Trinity Evangelical Divinity School. He also holds a Bachelor of Science in Engineering from Duke University.

COMMENCEMENT AGENDA - FRIDAY, AUGUST 5, 7 P.M.

Presiding	Kent Fuchs <i>President</i>
Processional	UF Commencement Band
National Anthem	Anthony Offerle, Vocalist UF Commencement Band
Welcome	Kent Fuchs
Introductions	Joseph Glover <i>Provost and Senior Vice President for Academic Affairs</i>
Armed Forces Commissions and Recognitions	Joseph Glover
Alumni Association Remarks	James Gadsby <i>President, UF Alumni Association, Inc.</i>
Commencement Address	Adegbola Adesogan <i>Professor and Director of the Food Systems Institute and Feed the Future Innovation Lab for Livestock Systems</i>
Presenting Candidates for Degrees	Joseph Glover
Conferring of Degrees	Daniel O'Keefe <i>Member, UF Board of Trustees</i>
Recognition of Graduates	
Closing Remarks	Kent Fuchs
Alma Mater	Anthony Offerle UF Commencement Band
Recessional	"I Won't Back Down" [®] 1989; Written by Tom Petty and Jeff Lynne. Performed by Tom Petty Album: Full Moon Fever

COMMENCEMENT AGENDA - SATURDAY, AUGUST 6, 10 A.M.

Presiding	Kent Fuchs <i>President</i>
Processional	UF Commencement Band
National Anthem	Anthony Offerle, <i>Vocalist</i> UF Commencement Band
Welcome	Kent Fuchs
Introductions	Joseph Glover <i>Provost and Senior Vice President for Academic Affairs</i>
Armed Forces Commissions and Recognitions	Joseph Glover
Presentation of Stephen C. O'Connell Distinguished Service Award	Andra Johnson <i>Dean, UF/IFAS Extension</i> Katherine C. Ewel <i>Award Recipient</i>
Alumni Association Remarks	James Gadsby <i>President, UF Alumni Association, Inc.</i>
Commencement Address	Adegbola Adesogan <i>Professor and Director of the Food Systems Institute and Feed the Future Innovation Lab for Livestock Systems</i>
Presenting Candidates for Degrees	Joseph Glover
Conferring of Degrees	David Brandon <i>Member, UF Board of Trustees</i>
Recognition of Graduates	
Closing Remarks	Kent Fuchs
Alma Mater	Anthony Offerle UF Commencement Band
Recessional	"I Won't Back Down" [®] 1989; Written by Tom Petty and Jeff Lynne. Performed by Tom Petty Album: Full Moon Fever

UNIVERSITY RESEARCH SCHOLARS

The University Research Scholars Program recognizes outstanding undergraduate research training and experience.

Elise Michelle Belkin

Lauren Taylor Weinsier

Distinguished Service Award

Dr. Katherine C. Ewel

Professor Emerita

Katherine Ewel, Ph.D., changed the way we harvest forested wetlands, treat wastewater from developed areas and protect the world's last Ka forest. Over her 35-year career in academia and the USDA Forest Service, Ewel's curiosity, tenacity, wisdom and ability to conceptualize ecosystems and build teams of research scientists and practitioners helped address challenging problems in systems ecology.

Ewel's early interest in vertebrate biology led to a doctorate in zoology from the University of Florida and a teaching appointment at Duke University. Influenced by H.T. Odum's approaches to systems ecology, she conducted studies on nutrient cycling in hardwood forests, fire in wetland forests and watershed land-use processes. Her expertise in building conceptual models of functions and interactions in wetland and forested ecosystems led her to become the first female faculty member in the UF School of Forest, Fisheries, and Geomatics Sciences.

Transferring her research program from Florida to the Pacific, Ewel became the wetlands team leader and then senior scientist for the USDA Forest Service at the Pacific Southwest Research Station's Institute of Pacific Islands Forestry. She worked with mangrove forests, creating teams of economists, taxonomists, ecologists, botanists and soil scientists from at least six different institutions and four nations. She also played a central role in the Forest Service's collaboration with other organizations to develop the Pacific

Internship Program for Exploring Science (PIPES), now an award-winning program at the University of Hawai'i at Hilo. PIPES funds summer internships related to environmental issues for native college students on their home islands.

The breadth and depth of Ewel's contributions to our understanding and management of forests have greatly enhanced the conservation and utilization of forests in the United States and Pacific islands. The application of her work continues to inform and advance engineering and ecological modeling in wastewater treatment, sea level rise and artificial wetlands development. In addition, her effort in building Pacific Islanders' capacity to manage resources and conserve unique systems will echo into the future with the work of the next generation of resource managers and scientists.

Commencement Speaker

Adegbola Adesogan

Professor and Director of the Food Systems Institute and the Feed the Future Innovation Lab for Livestock Systems

Dr. Adesogan is a professor of animal nutrition and director of the University of Florida Food Systems Institute. His Bachelor of Science degree is from University of Ibadan, Nigeria, and his master's and doctorate are from the University of Reading in the United Kingdom. He is the principal investigator and director of the Feed the Future Innovation Lab for Livestock Systems at the University of Florida, which manages more than 60 research-for-development projects that use animal-source foods to improve nutrition, health and incomes in nine African and Asian countries. He has received more than \$70 million in grant funding, published more than 160 journal papers and book chapters, and given more than 100 invited seminars. In addition, he has mentored more than 50 graduate students and visiting professors, and received several awards. His research areas include using animal-source foods to improve human nutrition, health, incomes, and livelihoods and evaluating strategies to sustainably improve animal performance and health.

What Makes a University Great?

Some interesting facts about the University of Florida

Educational Excellence

UF is consistently ranked among the nation's top universities: No. 5 in U.S. News & World Report "Top Public Universities" (2022); No. 3 on the Forbes' list of Best Value Public Universities (2019); No. 6 in the New York Times list of universities that do the most to help low-income students (2015); No. 2 in Kiplinger's "Best Values in Public Colleges" (2017); No. 3 in the Milken Institute's Ranking of Best Universities for Technology Transfer.

Faculty

- UF has more than 5,800 faculty members with distinguished records in teaching, research and service, including 36 Eminent Scholar chairs and 51 faculty elections to the National Academy of Sciences, Engineering, the Institute of Medicine or the American Academy of Arts and Sciences.
- Awards include three Pulitzer Prizes, NASA's top award for research, the Smithsonian Institution's conservation award and a Fields medal.

Students

- Students admitted for the fall 2022 freshman class had an average 4.49 GPA, average SAT score of 1407, and an average ACT score of 32.
- The freshman retention rate of 97% is among the highest in the country.
- UF ranks 4th and 9th respectively in Latino and African American graduates who go on to receive doctorates in STEM fields. It is also ranked 1st in the nation in the number of African American female faculty in engineering.
- Sixty-seven percent of UF full-time freshmen graduate in four years, and 88% of UF freshmen graduate within six years.

Chain of Office

This custom-made ornament is worn with the president's regalia, symbolizing the authority and responsibilities of the office. The chain is engraved with the names and service years of the university presidents. The medallion's centerpiece is a 1.3-carat diamond.

Academic Mace

Dating back to the Middle Ages, the mace symbolizes strength and authority. The UF ceremonial mace was created for the university's sesquicentennial celebration in 2003. The 70-inch staff features an alligator sitting atop a globe. The four pillars supporting the globe represent the four original colleges: Agriculture, Engineering, Law, and Liberal Arts. The staff is carved from cherry wood. The university's chief marshal, who leads all academic processions, carries the mace.

the four pillars supporting the globe represent the four original colleges: Agriculture, Engineering, Law, and Liberal Arts. The staff is carved from cherry wood. The university's chief marshal, who leads all academic processions, carries the mace.

Diplomas

Diplomas will be mailed to the graduate's diploma mailing address in September of 2022.

Caps and Gowns, An Explanation

The academic regalia worn by graduating students and faculty in this era evolved from a style of dress worn by members of guilds and religious orders in medieval times. The academic gown is worn by individuals who have earned a degree in higher education. In addition, hoods are worn by graduate degree candidates, but not by undergraduate degree candidates.

At the University of Florida, the lining of the hood has a blue chevron on an orange background to represent the university colors. University faculty members who hold degrees from another college or university wear the colors of their alma mater.

The velvet edging on the academic hood is the color that represents the particular degree held by the wearer. Agricultural and Life Sciences and Forest Resources and Conservation share maize edging; Design, Construction and Planning and Building Construction are blue violet; Audiology degrees have colonial blue edging; Business Administration and Accounting are drab; Dentistry is lilac; Education is light blue; Engineering degrees are represented by orange edging; Fine Arts degrees have brown edging; Health and Human Performance is sage green; Journalism and Communications is garnet; Law is purple; Liberal Arts is white and Liberal Sciences is gold yellow; Medicine is green; Music is pink; Natural Resources and Environment is antique gold; Nursing is apricot; Doctor of Occupational Therapy is slate blue; Doctor of Pharmacy is olive; Philosophy is royal blue; Public Health degrees have salmon pink edging; Rehabilitation Counseling degrees have Nile green edging; and Veterinary Medicine is gray.

Distinctions among sleeves indicate the type of degree held by the wearer. A long, pointed sleeve indicates a bachelor's degree, while a long, closed sleeve with a slit near the upper part of the arm designates a master's degree. A round, open sleeve identifies a doctoral degree.

The blue doctoral regalia also has velvet running on the rest of the gown, including crossbars on the sleeve. Colored tassels on the degree candidates' caps indicate a candidate's school or college.

UF

Alma Mater

*Florida, our Alma Mater
Thy glorious name we praise
All thy loyal sons and daughters
A joyous song shall raise.
Where palm and pine are blowing,
Where southern seas are flowing,
Shine forth thy noble Gothic walls,
Thy lovely vine-clad halls.
Neath the Orange and Blue victorious
Our love shall never fail.
There's no other name so glorious—
All hail, Florida, Hail!*

Milton Yeats
