UF | UNIVERSITY of
FLORIDA

COMMENCEMENT APP

Download the UF Commencement APP for latest information. GATORWAY is the official events mobile app of the University of Florida and is free to download on Android or IOS. Have all your necessary UF graduation weekend information handy on your mobile device. <https://guidebook.com/app/gatorway/>

SOCIAL MEDIA

Whether you are a #UFGrad or you are here to celebrate a #UFGrad, we invite you to join the commencement conversation on social media. Select tweets will be featured on the video boards prior to and after the ceremony.

COMMENCEMENT PROGRAM

Additional copies of this commencement program are available while supplies last at the UF Bookstore for a \$1 donation to the Machen Florida Opportunity Scholars program, which helps fund a UF education for low-income students who are first in their family to attend college. The commencement program can be ordered online with an additional charge for shipping and handling.

THIS IS NOT AN OFFICIAL GRADUATION LIST

While every effort is made to ensure accuracy in this commencement program, printing deadlines may result in omission of some names and use of names of persons not completing graduation requirements as intended. This printed program, therefore, should not be used to determine a student's academic or degree status. The university's official registry for conferral of degrees is the student's permanent academic record as reflected on the student's transcript, maintained by the Office of the University Registrar.

Commencement
SPRING 2019

Greetings from the President

On behalf of the University of Florida and our administration, faculty and staff, I would like to extend my heartfelt congratulations to you, the Class of 2019, and to your family and friends.

UF's commencement ceremonies celebrate your considerable accomplishment in completing a degree program at one of the world's great universities. I share your pride and excitement, and I am confident that your degree — and the skills and experience you acquired while at this university — will serve you well in your careers and lives.

It has been a privilege to have you as a part of our community, and the university is better for your time here. I hope you remain connected to UF as active alumni and members of The Gator Nation.

Good luck, best wishes, and Go Gators!

W. Kent Fuchs

University of Florida President

Dr. W. Kent Fuchs

Dr. Kent Fuchs became the 12th President of the University of Florida in January 2015. Building on many years of excellence and focused on leadership, the university has reached its goal of joining the nation's top-ten public research universities.

Dr. Fuchs has set UF on a path to joining the top-five public research universities and becoming the nation's number one university for comprehensive excellence. UF is working toward those goals through the creation of 500 new faculty positions, the addition of advanced and beautiful university facilities and an ongoing \$3 billion fundraising campaign.

Previous to the UF presidency, Dr. Fuchs was provost of Cornell University. He has served in academic leadership positions and as a faculty member of electrical and computer engineering at Cornell, Purdue and the University of Illinois.

He is a fellow of the American Academy of Arts and Sciences, the American Association for the Advancement of Science, the Institution of Electrical and Electronics Engineers and the Association for Computing Machinery and has received numerous awards for teaching and research.

President Fuchs earned his doctorate in electrical and computer engineering from the University of Illinois, and a Master of Divinity from Trinity Evangelical Divinity School. He also holds a Bachelor of Science in Engineering from Duke University.

Dr. Fuchs is married to Linda Moskeland Fuchs, an art historian. The Fuchses have three sons, a daughter and three grandchildren.

Born on an Oklahoma farm in 1954, President Fuchs spent much of his youth in Alaska before moving to Miami, where he graduated from Miami Killian Senior High School.

Musical Interlude: Tota pulchra es-Maurice Duruflé	University of Florida Women’s Chorale
Presenting Candidates for Degrees	Deans of the Colleges
Conferring of Degrees Deans of the Colleges	Marsha Powers <i>Member, UF Board of Trustees</i>
Closing Remarks	W. Kent Fuchs
Alma Mater	University of Florida Symphonic Band University of Florida Women’s Chorale
Recessional and Postlude	University of Florida Symphonic Band

Distinguished Alumnus Award

George D. Pickhardt

Triple Gator George Pickhardt is founder and chairman of the board of Environmental Pest Service, LLC, a pest control and lawn care firm providing services in Florida since 1958 with recent expansions into Raleigh, N.C. and Atlanta, Ga. Mr. Pickhardt is the third generation of his family to have a leadership role in the industry. His company was named to the Gator100 in 2016 (#8) and 2017 (#13), making it one of the fastest growing Gator-owned or -led companies.

A recognized leader in his industry, Mr. Pickhardt has served as a member and leader in the Florida Pest Management Association and Florida Pest Control Association. He has also led the Sarasota County Environmental Pest Management Advisory Board as chairman, where he was instrumental in the initial implementation of an ordinance to mandate the use of Integrated Pest Management in all county buildings. As chairman of the Venice Chamber of Commerce Civic Beautification Committee, Mr. Pickhardt was responsible for implementing a 10-year re-landscape plan.

Mr. Pickhardt is a past president of the College of Agricultural and Life Sciences' Alumni and Friends organization and served as a delegate to the Association of Public and Land-grant Universities' Council for Agricultural Research, Extension and

Teaching. He has served on advisory boards for the IFAS Florida Agricultural Council and Florida 4-H. Mr. Pickhardt was a charter member of Florida Leadership for Agriculture and Natural Resources, now known as the Wedgworth Leadership Institute. In 2000, he was recognized for service to the University of Florida, IFAS and CALS as the National Agricultural Alumni and Development Association's volunteer of the year.

Mr. Pickhardt earned a bachelor's degree in entomology in 1969, a master's degree in ornamental horticulture in 1971, and a master's degree in business administration in 2005. He and his wife, Jean, reside in Venice, Fla. They have two daughters and seven grandchildren.

Distinguished Achievement Award

Frances Fontaine Bourque

Frances Fontaine Bourque was the first of six children born to Charles and Marcelynn Creech Fontaine in Ft. Pierce, Fla. She grew up in Belle Glade, a small farming community. Frances was voted Miss FFA, was on the homecoming court, and was valedictorian of her graduating class at Belle Glade High School.

Frances attended the former Nazareth College in Kentucky and St. Louis University in Missouri, graduating with a B.S. degree from their College of Arts and Sciences.

In July 1963, Frances married Dr. Robert Gerald “Bob” Bourque. They raised four children, Andrew, Christopher, Noel, and Nicole in Delray Beach, Fla.

In 1985, she became interested in reclaiming a dilapidated school and making it into a centerpiece for the rejuvenation of downtown Delray Beach. She recognized the cultural value of preserving buildings that were an integral part of the city’s history; she saw the buildings’ potential. Her efforts became the catalyst for the renaissance of downtown Delray, which at the time had a 30 percent occupancy rate. Frances worked for 37 years to make this dream a reality.

These efforts have earned her the 1993 Sun Sentinel Publisher’s Award, the 1994 Palm Beach Post Recognition of 100 Outstanding Citizens, the 1997 Historical Society of Palm Beach County’s James

Knott Award, the 2004 Evelyn Fortune Bartlett Award by the Florida Trust for Historic Preservation, and the 2017 City of Delray Beach Chamber of Commerce Lifetime Achievement Award.

Recently, Frances spoke to a group of local citizens. She said, “So now, as I stand here today, I have a question for you. Is there something you have thought about, some idea or dream, that you have held off pursuing because of doubt, or lack of time, or lack of energy? Would that something, combined with your imagination and the resources of others, result in helping our community in some way? I urge you to consider this. Think of what might happen, not if you fail, but if you succeed? Think of the impact this one, small idea might have on the lives of people in our community today, and in the coming years. You will never know until you try.”

Outstanding Student Scholars and Leaders

The Selection Committee for Outstanding Student Scholars considers grade point average, curriculum, academic awards, research projects or honors thesis. The Selection Committee for Outstanding Student Leaders considers the quality and scope of leadership activities, university-wide leadership, experience, special awards, recognition and recommendations of faculty, staff and students.

Student Speaker

Paige Fitzpatrick

Paige Fitzpatrick has always had a love for early childhood education, wanting to work in the field since the 10th grade. Her passion led her to the UF College of Education, where she worked at Baby Gator from the beginning of her journey. Miss Fitzpatrick is a former James Patterson Scholar and is grateful for the award's validation of her chosen path and support of her education. Named a 2018 Outstanding Undergraduate for Unified Early Childhood Education, Miss Fitzpatrick graduated the same year with an undergraduate degree in special education and is earning her master's degree in early childhood education. Her primary focus in early childhood education is reading instruction and intervention, which she plans to utilize in the future as a school-wide reading coach—her career goal.

Commencement Speaker

James Patterson

James Patterson is the world's bestselling author and most trusted storyteller. He has created many enduring fictional characters and series, including Alex Cross, the Women's Murder Club, Michael Bennett, Maximum Ride, Middle School, and I Funny. Among his notable literary collaborations are *The President Is Missing*, with former President Bill Clinton, and the Max Einstein series, produced in partnership with the Albert Einstein Estate.

Mr. Patterson's writing career is characterized by a single mission: to prove that there is no such thing as a person who "doesn't like to read," only people who haven't found the right book. He's given over three million books to schoolkids and the military, donated more than seventy million dollars to support education, and endowed over five thousand college scholarships for teachers. The National Book Foundation recently presented Mr. Patterson with the Literarian Award for Outstanding Service to the American Literary Community, and he is also the recipient of an Edgar Award and six Emmy Awards.

At the University of Florida College of Education, Mr. Patterson has invested in the success of students pursuing careers as elementary or secondary school teachers by creating 16

scholarships in 2015, which have supported 28 students to date. Further, he has launched the James Patterson Literacy Challenge, an ambitious mission created in partnership with the UF Literacy Initiative to tackle the literacy crisis affecting Florida and double the number of schoolchildren proficient in reading. The James Patterson Literacy Challenge is currently serving five under-performing schools in two Florida school districts, Alachua County and Broward County, providing school leaders and educators empowering professional development opportunities and tools to build their capacity to support the diverse and dynamic literacy needs of their students.

CHAIN OF OFFICE

This custom-made ornament is worn with the president’s regalia, symbolizing the authority and responsibilities of the office. The chain is engraved with the names and service years of the university presidents. The medallion’s centerpiece is a 1.3-carat diamond.

ACADEMIC MACE

Dating back to the Middle Ages, the mace symbolizes strength and authority. The UF ceremonial mace was created for the university’s sesquicentennial celebration in 2003. The 70-inch staff features an alligator sitting atop a globe. The four pillars supporting the globe represent the four original colleges: Agriculture, Engineering, Law, and Liberal Arts. The staff is carved from cherry wood. The university’s chief marshal, who leads all academic processions, carries the mace.

Caps and Gowns, An Explanation

The academic regalia worn by graduating students and faculty at today's commencement ceremonies evolved from a style of dress worn by members of guilds and religious orders in medieval times. The academic gown is worn by individuals who have earned a degree in higher education. In addition, hoods are worn by graduate degree candidates, but not by undergraduate degree candidates.

At the University of Florida, the lining of the hood has a blue chevron on an orange background to represent the university colors. University faculty members who hold degrees from another college or university wear the colors of their alma mater.

The velvet edging on the academic hood is the color that represents the particular degree held by the wearer. Agricultural and Life Sciences and Forest Resources and Conservation share maize edging; Design, Construction and Planning and Building Construction are blue violet; Audiology degrees have colonial blue edging; Business Administration and Accounting are drab; Dentistry is lilac; Education is light blue; Engineering degrees are represented by orange edging; Fine Arts degrees have brown edging; Health and Human Performance is sage green; Journalism and Communications is garnet; Law is purple; Liberal Arts is white and Liberal Sciences is gold yellow; Medicine is green; Music is pink; Natural Resources and Environment is antique gold; Nursing is apricot; Doctor of Pharmacy is olive; Philosophy is royal blue; Public Health degrees have salmon pink edging; Rehabilitation Counseling degrees have Nile green edging; and Veterinary Medicine is gray.

Distinctions among sleeves indicate the type of degree held by the wearer. A long, pointed sleeve indicates a bachelor's degree, while a long, closed sleeve with a slit near the upper part of the arm designates a master's degree. A round, open sleeve identifies a doctoral degree.

The doctoral regalia also has velvet running on the rest of the gown, including cross bars on the sleeve. Colored tassels on the degree candidates' caps indicate a candidate's school or college.

UF

Alma Mater

*Florida, our Alma Mater
Thy glorious name we praise
All thy loyal sons and daughters
A joyous song shall raise.
Where palm and pine are blowing,
Where southern seas are flowing,
Shine forth thy noble Gothic walls,
Thy lovely vine-clad halls.
Neath the Orange and Blue victorious
Our love shall never fail.
There's no other name so glorious-
All hail, Florida, Hail!*

Milton Yeats
